Bullying Policy 2023-2024

Introduction

At Montessori Pathways School, we are committed to providing a caring, friendly, and safe environment for our students so they can learn in a relaxed and secure atmosphere. School is a place where students learn the norms and mores of social interactions. As part of the socialization process, all students experiment with a range of behaviors as they learn about social power. However, students sometimes push the limits of this range and engage in behaviors we would consider bullying, as defined in accordance with Illinois State Law below.

Bullying and other forms of peer mistreatment are detrimental to the school environment, as well as student learning, achievement, and well-being. Peer mistreatment interferes with the mission of the school to educate students and disrupts the operations of school. Bullying and other forms of peer mistreatment affect not only students who are targets, but also those who participate in and witness such behavior. These behaviors must be addressed to ensure student safety and an inclusive learning environment.

It is not our intent to prohibit students from expressing their ideas or from engaging in civil debate. However, the school does not condone and will take action in response to conduct that interferes with students' opportunity to learn, our educational mission, and the operation of the school.

Bullying and Cyberbullying are contrary to Montessori Pathway's Mission Statement and core values as expressed through ROARS (Respect, Ownership, Appreciation, Responsibility, Safety) and to Illinois state law and the policy of the school district

- Bullying, as defined in 105 ILCS 5/27- 23.7, may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

 4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by school if the bullying causes a substantial disruption to the educational

process or orderly operation of a school. This paragraph (item # 4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Bullying / Safety Tip Line

MPS Bullying/Safety Tip Line (815-459-6727) provides parents and students with an additional option to report bullying and/or other safety concerns within their campus. Similar to making a report in person or over the phone, when making an online report, please include as much detailed information as possible because doing so will greatly assist administrators in investigating and addressing the concern(s).

Although it is usually best to speak directly with an administrator when making a report about bullying and/or other safety concerns at your school, sometimes students and parents are not comfortable doing so. Toward that end, this tool also allows for anonymous reporting.

Please keep in mind that online reports received outside of school hours will not be reviewed and acted upon until school is back in session. With that said, if your concern(s) require(s) immediate attention, please contact local law enforcement.
